

CHECK YOUR VOTER STATUS

On a laptop or desktop computer

- 1** **Open** the Georgia Secretary of State's My Voter Page.
- 2** In the MVP Login section, **enter** your first initial, last name, county and date of birth.
- 3** Click **submit**. If you get a "Your registration information was not located" message, you are not registered to vote in that county.
- 4** If a record of your voter registration appears, **verify** that the correct address is listed.
- 5** If the wrong address is listed, you will need to **update** your registration to reflect your current address on the Georgia Online Voter Registration website. **Click here.**

*****After you verify or get registered, make sure to take a picture of your registration in case there are any issues at the polls.**

If you experience a problem with your registration, please contact the ACLU of Georgia at acluga.org/GetHelp.
